U.S. Coast Guard Captain and Registered Maine Guide; Dave Pecci of [Obsession Sportfishing Charters](#) shares tactics for catching 100 pound plus tarpon and other species in Southwest Florida's Charlotte Harbor - Boca Grande area. Capt. Pecci will do an in-depth multimedia presentation on fishing Punta Gorda, Pine Island, Boca Grande and Gasparilla Island. Known also as Charlotte Harbor, this tranquil getaway on Florida's Southwest Gulf Coast is a premier eco-tourism destination located 100 miles south of Tampa and 30 miles north of Fort Myers. The 25 mile long, 5 mile wide Harbor lends itself perfectly to light tackle and fly fishing for many species.

The beaches and passes of the Charlotte Harbor area is known as one of the world's top tarpon fishing locations; tens of thousands of giant tarpon congregate there in a pre spawn ritual unlike anywhere else.

Charlotte Harbor redfish, snook and sea trout fishing is some of the very best in Southwest Florida. Habitat includes isolated mangroves, expansive grass flats, canals, beachfronts and artificial reefs.

If you are looking to hire a guide or go it on your own this presentation will provide the information needed to assure success.

Thank you and we hope to see you at the show!
Capt. Dave
